

LABORATORY OF MOLECULAR AND CELLULAR SIGNALING

CENTRE OF NEW TECHNOLOGIES, UNIVERSITY OF WARSAW

We are seeking a talented and enthusiastic individual to join our dynamic research team as

Research assistant

Background:

Cancer is a disease of transcription factors - they drive tumor growth, metastasis, and prevent cell death in cancerous tissue. Gli proteins are transcription factors involved in many tumors. The mechanisms of the transition of Gli proteins into active drivers of transcription is poorly understood. To discover the molecular foundations of the regulation of Gli proteins in development and disease, you will use state-of-the-art techniques ranging from bioinformatics, through genetic manipulations to quantitative proteomics and confocal microscopy both in cell culture and in vivo. For more information, please visit our website: <http://lmcs.cent.uw.edu.pl/>

We offer:

- An environment that pushes you to **excel**, fostering your **creativity**, **autonomy**, and **personal growth**
- Strong **mentoring** that will help you develop into a mature and well-rounded scientist
- Access to state-of-the-art **equipment**
- Opportunities for interdisciplinary and international **collaborations**
- Competitive **salary**
- Opportunity to pursue a **PhD degree**, if desired

You need to be:

- Passionate about hard work in a high-pressure environment
- Curious and able to learn new things quickly
- Team-oriented and willing to cooperate with lab members and outside collaborators
- Well organized

Other requirements:

- Previous experience in laboratory work
- Ability to communicate fluently in English
- MSc or MD degree in biology, medicine, pharmacy, or related fields

Preferred, but not strictly required:

- Experience in molecular cloning, cell culture, proteomics, animal models and/or fluorescence imaging
- Track record of publications in peer-reviewed journals and conference presentations

Please send the following information to lmcs.recruitment@gmail.com (put "**Research Assistant**" in the subject line).

- Cover letter describing personal motivation to apply for this position
- CV with contact information for at least 2 references, including MSc advisor
- Include the following statement in your application: "In accordance with the personal data protection act of August 29th, 1997, I hereby agree that University of Warsaw process and store my personal data for recruitment purposes"

The deadline for applying is **July 31st, 2018** but we will continue to accept applications until the position is filled. The target start date is September 1st, 2018, but we can be flexible.
